Wednesday, 8 December 2021
4:00 p.m. – 5:00 p.m.

Virtual

The New AIAC Arbitration Rules 2021: Road to Best Practice

Live Panel Discussion

The AIAC Arbitration Rules 2021, which came into force on 1 August 2021, will now apply to all arbitrations commenced after that date, unless otherwise agreed by the parties. In this session, we will discuss the key features and notable amendments introduced under the AIAC Arbitration Rules 2021. We will also frame our discussion based on the questions we anticipate from clients, which we hope will be of interest also to the wider legal and arbitral community.

The speakers will discuss the following topics:

- Consolidation of the UNCITRAL Arbitration Rules 2013 – what does this mean for parties?
- Implementation of Summary Determination procedures
- Revitalization of Fast Track procedures
- Measures to promote transparency and enhance confidentiality (e.g. publication of redacted AIAC Arbitral Awards)
- Detailed and transparent appointment procedures – “List Procedure”
- Measures to digitalise arbitrations
- Other notable features introduced by the AIAC Arbitration Rules 2021

This is a COMPLIMENTARY session.
